

Dear Parents,

August 6, 2007

We are excited to announce several interesting tidbits in the A.C.E. world. First, our link on the Saint Patrick Catholic School web site is up and running. This link will provide you with all the information pertaining to the After Care world such as proper procedures, student expectations, forms, movie lists for Movie Fridays, daily activities and more. Please visit so you can be up to date on all that is After Care.

This year we will also be offering After Care on several non-school days for a fee of thirty dollars a day. These days are detailed on the web site. We must have at least thirty students to hold this program so please register so we can confirm with you as soon as possible. The form is available on the web site. Please print this out and send the form in with a payment to the school. This is such an exciting opportunity and we are so happy to offer it.

We are offering A.C.E. classes this semester after school including Lil' Sprouts (a gardening class), Strings for Kids (violin lessons, Video Hounds (a video production class), Dig into History (an archeology class), and a Super Secret Spy Club. Descriptions of these classes are available on the web along with the registration form. We welcome all the students in the school to this experience. These classes are free to registered A.C.E. students, but for those students who wish to participate outside of the A.C.E. program there is a nominal fee. The class sizes are limited so hurry and register today.

We are looking forward to an exciting year in the After Care program. We are lucky to have an extremely creative and energetic staff who are bubbling over with ideas that are fresh, educational, and fun.

Sincerely,

Krystal Bell  
Maggie Hammond
